Clients

skills & personal characteristics

Kasper has developed a uniquely complementary set of skills through his experience in graphic design and video production. He started his career as a graphic designer, learning the key differences between good aesthetics, versus bad. He then developed a second, more profound passion for video and film.

Finishing two degrees at **Australian Film, Television and Radio School (AFTRS)** which launched his career in digital video production, specialising in video production, photography and graphic based projects.

Skills include:

- Adobe Creative Suite
- Adobe After Effects
- Adobe Premiere
- Cinema 4D
- Mac & PC
- Microsoft Office

Training in:

- Graphic Design
- Filmmaking
- Camera operation
- Editing
- Sound recording

He has developed the effective skills and proactive know-how to confidently produce large projects for top international brands within tight deadlines.

examples of work

hobbies & interests

I have an interest in all areas of filmmaking, photography and digital media. I've produced and edited my own short films, documentaries and pilot web-series during my free time.

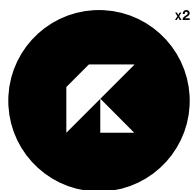

Passions:

- Snowboarding
- Movies
- Filmmaking
- Screenwriting
- Photography
- Video games
- Travel / Adventure
- Motorcycles
- Music
- Technology

Occasionally I travel to Europe to visit my Danish and English family. I like to be open minded when experiencing other cultures and influencers.

Being interested in a broad amount of subjects keeps my mind active and inspired. It can also help me keep on top of new design trends and pop-culture.
